## THE STAGE.

### COMING TONIGHT.

Blaney's "A Hired Girl" comes to the Grand tonight. The story deals with the trials of a professor of music at Vassar college, who contracted an unfortunate marriage in his younger days and placed himself in the hands of a scheming fortune-hunter. Although there is a well defined plot, numerous opportunities are offered for funny situations and specialties by Charles F. McCarthy, Edith Marilla, Gus Pringle, Lillian Maynard, John R. Camson, Mart Reagan, Shuman Sisters and the now famous Page Sisters and their band of pikanniles.

"A TEXAS STEER." Thursday night "A Texas Steer" will be given at the Grand. The plot depicts a life which the general public hears of, but knows little about—life in Washington, and the trials and tribulations of a country-bred congressman who has more wealth than refinement and social education, and whose path is beset on all sides with difficulties. The office seekers who thrive by thousands in Washington are depicted in a manner that should be a warning to those who aspire to draw a government salary. The company that comes to Decatur is one of the best that has ever appeared in the city.

## DECLARED INSANE.

Robert Gorman Taken to the Asylum at Jacksonville—He is Violent.

In the county court Monday Herbert Gorman was declared insane. A commission composed of Drs. Will Barnes, J. H. Eddy and Will Chenoweth examined into his mental condition and pronounced him insane. He was brought to the jail on Saturday evening by his brother-in-law. On Monday afternoon he became violent and overpowered the insane man. The turnkey was called and came and put Gorman in a straight jacket. He was taken to Jacksonville today.

### Gone Home.

Rev. H. B. Spayd, who has been in the city for the past two weeks conducting a series of meetings at the United Brethren church, left for his home at York, Pa., this morning. The meetings will be continued by Rev. M. B. Spayd, pastor of the church. Rev. Spayd closed his work in Decatur last evening with one of the most successful and interesting services that have been held during his stay. He talked from the text, "Cleave to That Which is Good," his remarks receiving the closest attention from the audience. There have been several accessions to the church.

## GEN. ALGER NOT ANGRY

False Rumors About Early Resignation.

## ALL MISCHIEVOUS GOSSIP

Secretary of War Not at Cabinet Meeting Because of Critical Condition of His Daughter—The Story.

WASHINGTON, January 18.—The rumor that Secretary of War Alger had resigned, and that the president had accepted the resignation, is a piece of mischief-making. The rumor manufacturer has a little more to do to the report by the statement that the secretary left the white house in anger in the morning, and that he remained at home the rest of the day. One afternoon, however, he went so far as to assert that the president and his secretary had discussed Alger's resignation, and that the president had agreed to accept it. The rumor is a piece of mischief-making.

There is no truth in the report of a rupture between the president and the secretary, and Secretary Alger says he has no intention of resigning. The fact was that Secretary Alger's daughter, Mrs. L. S. Pike of Chicago, was seriously ill and submitted to a dangerous operation. Secretary Alger naturally spent much of the day at his home with his daughter, but he called at the white house last evening with the news that she had borne the ordeal successfully. This is a sample of how many wild stories are made out of whole cloth by certain individuals who find it to their interest to make the country believe the officials of the war department are lying awake nights to think up schemes to knife each other.

## WEAVER'S CASE

Bond of \$5000 Declared Forfeited at Taylorville.

TAYLORVILLE, ILL., January 18.—In the Christian county circuit court yesterday an unsuccessful attempt was made by the attorneys for the defense to lay the several cases of embezzlement against E. N. Weaver of Pana. The attorneys presented in support of their motion for a continuance affidavits of Drs. Danford and Miller of Pana stating that the defendant was seriously ill.

At the refusal to grant this continuance, Judge Ayres of Shelbyville, who is presiding at this sitting of the circuit court, declared Weaver's bond of \$5000 forfeited. He then issued a warrant for Weaver, returnable forthwith, and Sheriff Downey after having taken Weaver to the jail at Taylorville.

It is said that Weaver is only shamming illness, which, it is alleged, he has done several times before to avoid appearing for trial.

Weaver is charged with embezzling \$20,000 from the hands of the Pana Board of Prisoners.

He is a Union man while acting as a prisoner from 1891 to 1895, in the prison at Taylorville.

In 1891 Weaver, it is said, was found out in his accounts with the association but was allowed to remain in his position upon his making a full settlement.

Weaver's bondsmen are J. H. Limer, C. D. Cutler, M. W. Gallego, Robert Newell, Thomas Newell, George W. Sanford and Mrs. Nancy Smith, all residents of Pana.

He was brought over on the train by Sheriff Lehman, and will languish in jail until he squares up for his board bill at the Hotel Brunswick. The claim is about \$7.50. J. H. Boone, the hotel proprietor, hopes that Porter will be able

## ON QUESTION OF EXPANSION

Thinks He Knows in Advance What America May or May Not Do with the Philippines—Cannot Wait.

WASHINGTON, January 18.—Senator Bacon of Georgia addressed the Senate upon his anti-expansion resolution presented last week. He said in part:

"Of all the great powers of earth the government of the United States is the only one that contends for the right in the people of self-government. When they abandon in practice this principle, when they impose their dominion on an unwilling people, in the majestic march of free institutions the hand upon the great dial of the clock of the world will have been set back 100 years. There is not a civilian or an official of the government who will admit that he favors such an act. There is not a public man in the country who will admit that he favors the enslavement of the people. There is no senator who will not repel the charge if made against him, and yet there are many who are advocating a course the inevitable consequence of which, if successfully pursued, is to accomplish the enslavement of the people of the Philippine Islands." He quoted from the speech of Senator Foraker the statement that it was not the purpose to hold the Philippines permanently, and said: "I am especially glad to have the assurance of the distinguished senator that of his own knowledge the position thus stated by him is the position of the president of the United States. If that position can be assured as the one this government will take and adhere to, there will be little difference or contention between us. What I desire, however, is that there shall be now an avowal of this position by the law-making power of this government in a joint resolution of Congress, approved by the president. What I wish to accomplish by these resolutions is that the United States shall, in this hour of victory, in this hour of undiminished physical power, make substantially the same declaration relative to the Philippines that they made to Cuba."

And Several Architects Submit Plans for a Building—The Powers Block—A New Enterprise.

The members of Company H, who have been stationed at Panama for the past three weeks, arrived home this morning from Panama. The company left Decatur on December 30 and have since that time been doing guard duty in Panama.

The company left at 9:30 o'clock this morning and there was a large crowd of people at the depot at Panama to see them off. They arrived in Decatur at 11 o'clock and marched to the armory where Captain Cassell directed the men to put their equipment in order. He told them that they must remember that each and everyone of them was a member of the National Guard and that they must attend drills on Friday evening and when anyone left the city notice must be given.

Each of the boys will receive \$42 for 21 days service at Panama at \$2 per day. As there were 63 men in the company it will cost the state \$2646 to pay the company, aside from what will be due the officers. The money has not been paid by the state, but is expected in a few days. When the money is received Captain Cassell will give notice through the newspapers and set a time for the members of the company to be paid off.

Company H was the largest company at Panama. The only soldiers now at Panama are those of Company L of Peoria, who are soon to be withdrawn. The Decatur boys did not have any fighting to do and their time was occupied in doing guard duty. They rather enjoyed their stay at Panama and say that they were well fed and cared for. The opera house was used as a barracks and the men all had comfortable bunks. Each company had a kitchen and dining room and good food was furnished by the state. Each man got \$2 per day and his board so they were well paid for their services.

Elmer Smick was the hero of the company as he captured a negro murderer several days ago. He did not return with the rest of the company, but stayed at Panama as he will be required to testify against the man, Privates Ralph Towns, L. H. Rude and one or two others will go to Panama Saturday morning to testify in the case.

Captain Cassell says that the people of Panama did not give the soldiers any trouble. Occasionally someone would fire a few shots to raise a disturbance, but the company did not have any trouble with anyone as the people generally respected the soldiers.

There will be several buildings erected in Decatur as soon as the winter is over and the weather will allow. Probably the largest building to be erected this year will be the coliseum which the business men of the city have in hand. The members of the committee arranging the matter held a meeting last night at the office of Mayor Taylor. Quite a number of propositions for building sites were considered, but will not yet be made public. A number of plans for the building were also submitted. The plans were for structures to cost from \$15,000 to \$25,000. Several other plans are to be submitted to the committee.

POWERS BUILDING.

Orlando Powers expects to erect a building early in the spring. It is to be put up in the space between the opera house block and the Powers block. The building will conform in appearance with the opera house block and will be three stories high and of brick and stone. Architect McNabb has completed the plans. The building will be 35 feet wide and 50 feet deep. On the first floor there will be a store room with show windows. On the second floor there will be a suite of rooms in the front and another at the back. The hall way between will connect with the Powers block and will also connect with the second floor of the opera house block. The third floor will be similar to the second in arrangement, giving elevator service to the Elks.

C. B. & Q. The C. B. & Q. works are to be rebuilt as soon as possible. The building erected will be a large one and many men will receive employment while it is being put up. Temporary quarters will be secured and the business will be continued.

WHEEL WORKS.

Mayor Taylor has stated that he has received a proposition from the Steel Wheel Works of Havana, Ill., offering to come to Decatur. He will appoint a committee to visit Havana and inspect the factory. It is said that the enterprise is one which employs 100 men.

WHAT THEY ARE.

Composition of the Famous New Food.

A wide-spread interest has been created among good liver, as to the composition of Grape-Nuts, the new food that has come into popular use of late. It has long been known to physicians, chemists and food experts, that the starchy portions of entire wheat flour and barley is transformed into a true and very choice sugar, by the act of intestinal digestion in the human body. This sugar is identical with, and is known as grape-sugar, and it is in condition for immediate transformation into blood and the necessary structure from which the delicate nerve centers are built up.

A food expert of the Postum Cereal Co., Ltd., Battle Creek, Mich., followed a line of experiments until he produced the food called Grape-Nuts, of which grape-sugar forms the principal part, and it is produced by following out Nature's processes, in a mechanical way.

The new food has a charming flavor, and can be served instantly either cold with cream, or, by pouring hot milk or cream over it, one has a hot mush at once.

## Went to Springfield.

Last night B. S. Tyler left for  
Springfield, where he will remain for  
a number of days in the interests of  
the grain men of the state. He will  
do some lobbying with the view of as-  
sisting in bringing about the defeat of  
the war house bill which is against  
the interests of the grain dealers. Mr.  
Tyler says that he has received quite  
a number of encouraging letters and  
believes that the bill will be beaten.

## NINETEENTH ANNIVERSARY

Of Decatur Art Class Celebrated at  
Mrs. James Millikin's Home.

The 19th anniversary of the organ-  
ization of the Art Class was celebrated  
at the home of the organizer, Mrs.  
James Millikin of Millikin Place on  
last Saturday. The members of the  
class were invited to meet with Mrs.  
Millikin and went expecting to have  
the usual lesson which was gladly ex-  
changed for the delightful little pro-  
gram which had been arranged by the  
hostess in honor of the anniversary.  
On their arrival they were served  
with a glass of nectar and then fol-  
lowed an anti-gamo. After this  
chocolate and water were served.  
Cannons were distributed as souve-  
nirs.

This class is the oldest literary or-  
ganization in the city. It was organ-  
ized at the home of Mrs. Millikin 19  
years ago last Saturday. There were  
seven charter members. There are  
now 20 members. The class is limited  
to that number. Four of the present  
members are in California.  
A special study is made of art and  
the literature of the period is taken  
up as the art of the different ages is  
studied. The work is most interest-  
ing and while the class is exclusive it  
is a distinctly delightful and helpful  
organization.
